Make the memorial beautiful and unique! In addition to honoring the late Dr. Martin Luther King ,Jr., the MLK Memorial provides a public space for citizens to reflect upon his work and its significance to our country. Located in a beautiful green space at Horner Boulevard and Washington Avenue, the memorial is visible to the traveling public, as well as to local citizens. The memorial includes a brick memorial wall with Martin Luther King's image, decorative lighting, flagpoles, benches, and planters.

With a $100 tax-deductible contribution, you can add an 8"x8" brick paver at the memorial that bears a personalized inscription. This is a wonderful opportunity to show your support to Dr. King's legacy while also honoring or remembering a loved one, an individual, a church, or business, etc.

To contribute, please return the form provided, along with your check, to the address shown. Larger contributions are welcomed. All proceeds will be used for funding the memorial.
Thank you for your support!
